

THE DOTHAN EAGLE

VOLUME 3

DOTHAN ALABAMA, MONDAY EVENING, SEPTEMBER 26, 1910

ESPION INTERRUPTS THE LAW'S COURSE

WOMAN CHARGED WITH MURDER WEDS EYE WIT- NESS

Elba, Ala., Sept. 26.—Circuit Court met here today with Judge Henry A. Pearce, and Hon. R. L. Parks Solicitor of the Twelfth Judicial Circuit representing the State. This is criminal week, and there are several capital cases to be disposed of, Judge Pearce having intimated that they would all go to trial this week.

Mrs. Ida Clark, charged with the murder of her husband, will be tried Tuesday. Mrs. Clark is charged with having shot her husband while he was at work in the field about two years ago, jealousy being the alleged motive. Mrs. Clark was kept in the jail at Elba for several months, but was released from the jail married the only eye witness to the tragedy, which fact makes the witness incompetent to testify against her under the laws of this State.

Will Wilkes charged with the murder of General Bowdoin will be put on trial Wednesday.

There are a few other interesting cases on the criminal docket, and the court room will more than likely be crowded.

CHANGE IN FIRM

The grocery business of Bonham & Ussery has been bought out by the A. D. Ussery Grocery Company, to whom all accounts are payable. Mr. Bonham retires from the business, and Mr. A. D. Ussery will be manager of the new firm. The business will be continued at the same stand.

UNKNOWN THIEF TAKES BICYCLE

Saturday afternoon about dark some unknown person took a delivery bicycle from the front of Dozier's grocery store and after "riding the poor thing nearly to death," threw it out in the middle of the street.

The wheel was missed by Mr. Dozier and a search was made for it. The bicycle was found by Mr. Dozier about 10 o'clock Saturday night, but the rider could not be found.

MRS DANIEL RESCUED FROM HORRIBLE DEATH

Athens, Ga., Sept. 25.—J. J. Landrum, roadmaster of the S. A. L., coming into the city last night after the week's supervision, tells of a remarkable escape which Mrs. John Daniel, of Lawrenceville, experienced yesterday at that place. The work train was backing into Lawrenceville to take the side track; the heavy engine was pushing two open cars loaded with hands; as the train neared the siding, some of the hands saw a white object on the track and wildly flagged down the engineer.

He stopped as soon as possible, and it was found that on the track with her neck across one rail and her feet on the opposite rail, lay a white woman. The car stopped within fifteen feet of the prostrate form. The woman was Mrs. John Daniel, of Lawrenceville.

By sheer force she was removed from the track, and thus prevented from self-destruction in a horrible manner. She had had much trouble lately, it is said, and it is believed that her mind is badly affected.

Pasco Green, of Ashford, spent Sunday in Dothan visiting relatives.

LARGE CANNERY WANTS LOCATION

MARYLAND MAN WANTS TO BUILD TOMATO CANNING PLANT IN DOTHAN

The secretary of the commercial club is in correspondence with a Maryland tomato canner who wants to locate a tomato canning factory here with a capacity of 24,000 three-pound cans a day.

The proposed plant will consume the product of 200 acres in tomatoes and employ thirty men and eighty women during the canning season. The season will begin as soon as the tomatoes ripen in the spring and continue until about the middle of July, as the canner desires to return to Maryland about August 1 to begin on the crop there.

The correspondence thus far has impressed the gentleman from Maryland and if he can be assured satisfactory rates on empty cans and on his finished product, and that the farmers will plant and grow enough tomatoes for a cannery of this capacity, he will doubtless locate in Dothan.

Industries of this character will do more to mitigate the evils which will attend the arrival of the boll weevil in 1912, when it is due to arrive here, than anything else. Unless the farmers begin to diversify the crops and plant

something besides cotton, Southeast Alabama will be in a sad plight when the boll weevil devastates the cotton fields. All kinds of vegetables will produce abundantly on our lands and there is no good reason why the 200 acres should not be planted in tomatoes.

The secretary is gathering the information desired and is exerting means to favorably impress the manufacturer in question and secure the factory for Dothan. He should be supported by the entire community in his efforts.

LEE BROTHERS TO REOPEN

Lee Brothers' quick lunch stand that was forced to close several days ago on account of being unable to get a suitable place in which to operate, will reopen in a few days next to the Culver-Harris Furniture Company, on North Foster street.

They will erect a small building on the lot now occupied by the tennis court and will be ready to serve the public again.

Dr. Hugh Smissen, of Jackson, Miss., is in the city, visiting his father, Dr. J. H. Smissen.

GROWN MAN CUTS TWO LITTLE BOYS

LEM ELAM RUNS KNIFE INTO LEE AND CHOCTAW KINARD

Centerville, Ala., Sept. 25.—In a free for all fight at Brent, a small town two miles west of this place, Lem Elam cut and seriously wounded Choctaw Kinard and Lee Kinard, about 9 o'clock last night. Sheriff Oakley hurried to the scene of the fight and placed Elam under arrest and brought him to the county jail. A charge of assault with the intent to murder is docketed against him.

The fight was the result of a feud between the Elam and Kinard families of several years standing. It is stated that Elam was drinking last night, and renewed the trouble. The Kinards are mere boys, while Elam is a man of mature years. Elam has been a noted character in the courts here for several years.

The attending physician states that the knife with which Elam did the cutting penetrated the liver of one of the Kinards boys, and it is impossible to determine just what the result of the wound will be.

All the participants in the bloody affray are members of well known families.

RODE IN BARREL THROUGH RAPIDS

Siagara Falls, N. Y., Sept. 25.—Bobby Leach, of Niagara Falls, Ont., made a trip through the Whirlpool rapids in a barrel, starting from the Maid of the Mist landing near the Cantilever bridge. Except for a few scratches and bruises, Leach, who claims to have made the trip several times, was unhurt.

Leach entered the rapids at 3:57 and went through them in three minutes, riding the tremendous waves smoothly. The great wave caught the barrel and hurled it clear of the water, but it righted itself nicely and went on to the Whirlpool without mishap. Five times the barrel circled the whirlpool, keeping to the outer edge. At the south end of the pool it was caught in an inshore eddy and floated in close enough to be caught with a pole at 5:05.

The only one of the barrel navigators to be killed in the barrel trip to the whirlpool was Maud Williard, who suffocated in her barrel in September, 1901. She was in the whirlpool for five hours.

SOCIAL MEETING OF OF CLASS NO. 17

An enjoyable affair of last week was the social meeting of class No. 17 of the Foster Street Methodist Church, held with the teacher, Mrs. W. S. Wilson, on West Main street.

A large number of members were present to enjoy the occasion. The invitations were accompanied by little bags and the guests each brought a penny for each year they were old. The pennies were placed together on a table and the guests were asked to guess the number of coins in the bulk. Miss Foster won the prize, guessing the exact number of pennies. The guessing contest was followed by a light refreshment course.

Class No. 17 has been doing considerable missionary work lately. With the pennies and the money they already had in the treasury, they paid half on a scholarship to the girls school at Brewton. The amount contributed was \$49.

MARRIAGE LICENSES

Whites: John Whitehurst, of Cowarts, and Miss Ethel Hardy, of Kinney; Clayton Fowler and Miss Tinsey Hatcher, of Dothan.

Negroes: W. Beauchan and Leola Lewis.

THEY ARE COMING

Today when the Elba train comes this means something. It means in Dothan, forty people got off that the train is passing the road; it means that the visitors will do some business with the Dothan merchants. Had the road never run that train in here, no such number of people would have come. Saturday many shoppers were here from the towns along that route.

COURT DICTATES HEAVY PENALTIES

SATURDAY NIGHT WAS BUST ONE FOR THE LOCAL POLICE FORCE

The city court docket had had a load put on it in the past two days that is unusually large for Dothan.

Over thirty arrests were made Saturday night by the city officers and the cells were so crowded that it was necessary to use the white cells for the negroes.

Ten negro women were tried before the mayor this morning on a charge of disorderly conduct and were fined \$10 each. Other prisoners, charged with gambling, drunkenness and disorderly conduct and other misdemeanors were tried this afternoon.

FATHER AND SON BOTH STUDENTS AT VANDERBILT

Athens, Ga., Sept. 26.—To have both father and son enrolled in the books of the institution of students is the unique record of the University of Georgia.

The Rev. M. L. Troutman, D. D., pastor of the First Methodist church of this city, has registered at the university.

He will register in the law course and will take the two years' legal work with the sixty or more young men in that class.

Dr. Troutman said that he did not register with the intention of studying law, but for the purpose of obtaining a more intimate knowledge of that important subject, and will not give up his calling as a minister. His son, Robert, also is registered in one of the academic classes and so it is that father and son are students at the same college at the same time.

Farmer-Whatley Dry Goods Company.

INCORPORATED
138-140 North Foster Street
Dothan, Alabama.

Beg to announce that on Tuesday September 27th they will be prepared to show their customers the largest and most elaborate assortment of Improved and Domestic Models in Trimmed Hats that they have ever exhibited. They also especially invite your inspection of their Tailored and Semi-Dress Hats which you will find to be unequalled in style and price. Our immense stock of merchandise gathered by our buyers in Eastern markets together with those made in our own store will be found to contain every novelty of value that will be used and our line of staple goods will be sold at prices that cannot be beaten. We cordially invite you to be present on that occasion.

Members Merchants Rebate Association.

You Are Invited

A cordial invitation to visit our new store is extended to all. We have just put in a stock of

Fresh Drugs

and our soda fountain is considered the most complete in this section of Alabama.

The fixtures are all new—in fact everything is new except the people who fill your prescriptions and serve soda water.

Come in and look.

New Drug Company

Successful

Sale

We have never put on a SALE that was a greater success than the one we started Saturday. The store is crowded with customers every hour of the day.

THE PRICES OF THE GOODS are not going up, but the earlier you come the better chance you have of getting just what you want.

Every article listed is a bargain. Come early, before this stock is broken.

The Use of Doorknobs.

When the high school building in Dothan is completed, we believe that there will be a department of the building set aside to teach the use of different tools to the boys. In the girl department, lessons in cooking will be given. These things are important, but it will only be a question of time when the use of the common doorknob will be added to the curriculum for the boys and girls of this nation.

If the use of a doorknob is ever properly explained and impressed on to the children, why, in time, we will have a race that will outdo them as they were designed.

Primarily, the knob is put on as a handhold, or leverage, or wrench to turn the bolt in the lock. One bolt in the lock has a beveled side to it, so that when pulled to with force the bolt slides back and catches. Children learn this before they are tall enough to reach the doorknob, unfortunately. They slam the door for some time before they know the bolt will catch by simply turning the knob. The habit of slamming has been formed and it doesn't go off till they get too old to pull the door to with force, or, unless they take training as doctors or nurses.

The child's first ride on a railroad train shows him the importance of slamming doors, for he sees the conductor, the flagman, the porter, all in uniform, and slamming the doors and he knows that's the way they ought to be shut.

Then there are those who take training about the use of door-knobs very well till they get perfect in opening doors. Once they learn the simple, but important art of opening doors, they seem to forget that there is any need of a closed door after they once pass out.

Probably no child ever reaches the age of ten years without being told not to slam the door, or to always shut the door when passing through if it is found shut. But children get in a hurry sometimes and don't have time to turn the knob gently, both in opening and shutting the door.

Getting Bigger.

This government is good to the soldiers, and the wives of the soldiers, who wore the blue fifty years ago. This government is spending \$160,000,000 a year, and there is a suggestion made by the Grand Army of the Republic that \$100,000,000 be added to the fund, making something worth while giving all pensioners a dollar a day.

On the floor of the House many years ago, Gen. Garfield, speaking for a pension bill, made the statement that this pension fund from the civil war would never reach \$30,000,000. He probably was honest in his opinion, but he didn't know how people loved to draw pensions from the government.

The federal pension record, like the records of the Southern states that pay their soldiers pensions, it is getting bigger every day instead of getting smaller.

Bob Chanler, of New York, who had so much money he didn't know what to do with it, gave up his first wife and ran off with a pretty French singer. She soon forced him for his toll, and the matter is in the courts. Chanler now wants his first wife back, and says she is the woman for him.

You had probably noticed that the Colonel has been a busy man, a very busy man, ever day since his return from the jungles of Africa. It was indeed lonesome while he was away, but he is making up for the lost time.

The question naturally arises as to whether or not Senator Lorimer of Illinois was tried by a jury of "his peers," when the other senators passed on his case.

Farms For Sale

At \$10 an acre—A 300 acre farm 8 miles west of Dothan near the good road to Wicksburg. Good farm houses, 240 acres open land, gray loam with clay underneath, well watered and drained—a bar-

gain. At \$12.50 an acre—A fine river plantation of 967 acres, nearly a mile river front, does not overflow good six room dwelling, fine water, about 800 acres open and under cultivation, four miles from railroad, very little waste land.

At \$12.50 an acre—A 360 acre farm 8 miles west of Dothan on the good road to Wicksburg; running water, slightly rolling; good farm houses. Possible to make a good farm.

At \$22.50 an acre—Twenty-acre fruit and poultry farm, 3 1/2 miles south of Dothan on the Campbellton road, good houses, 400 bearing peach trees, 10 grape vines, quarter acre in seepers, one and a half acres in bearing strawberries, spring branch, everything wired separately. Price \$1,250—ideal place for a man who knows how.

At \$20 an acre—268 acres on Dothan and Campbellton road, 8 miles from Dothan, one mile from Keyton's siding, all fenced, good pastures, 215 acres in cultivation, 12 three- to five-room houses, fine wells and place in good condition. Terms.

MAKING PREPARATIONS

In anticipation of heavy travel to the 1910 exposition all railroads entering Montgomery are not only preparing to put on special rates of one fare plus twenty-five cents for the round trip, but will accumulate equipment in this territory so as to be able to handle all the people who are going with comfort and dispatch. Traffic lines have always shown liberal aid in the fair at Montgomery, but they are arranging this year to do more than is generally the case. The permanency of the fair has an attraction for the people making it necessary that there be a set policy on the part of the traffic lines to eliminate all inconveniences and make it possible for everybody to get here and get home under the most comfortable circumstances. Those who contemplate going to the city during the week of the exposition should make inquiry of their local agent as to time limit of sale of tickets, etc., and they will give out all the necessary information. Thus with the best railroad facilities and plenty of hotels at reasonable rates, Montgomery is going to be able to get the people and take care of them in a better way than ever before.

DROPPING A TIMELY HINT

that should prove of value to housewives is something that we feel it our duty to do in reminding you that now is the time to get your supply of coal for the winter. A Reliable Medicine—Not a Narcotic

Mrs. F. Marti, St. Joe, Mich., says Foley's Honey and Tar saved her little boy's life. She writes: "Our little boy contracted a severe bronchial trouble and as the doctor's medicine did not cure him I gave him Foley's Honey and Tar in which I have great faith. It cured the cough as well as the choking and gagging spells, and he got well in a short time. Foley's Honey and Tar has many times saved us much trouble and we are never without it in the house." Sold by N. H. McCullum.

when treading the pedals of those
easy-going, best model

BICYCLES
that can be had here. It's useless to pay fancy prices for wheels when ours are just as good for one half. Besides that they're guaranteed to last as long and prove equally satisfactory as others that cost more. For service and easy-running, they can't be beat.

CUMBIE BICYCLE SHOP
8. St. Andrews Street

FICKLE FASHION and
ITS FOLLOWERS

THE Hottentot wears a ring in his nose,—that's fashion. Some of the Hottentots in the Clothing business would try to make their followers look almost as foolish. But we say, "If fashion means anything it must mean good taste."

OUR CLOTHES

are the fur first removed from freakish effects, simply a rare refinement expressed in fabrics and fine tailoring. Neither are they dull. We'll make it plain to you when you call to select your Fall Suit or Top Coat. Prices don't need explaining.

STROUSE & BROS.
BALTIMORE

HERE'S as much individuality in clothes as there is in those who wear them. Some men are sunk to a dead level of mediocrity and so are some clothes. The Fall and Winter Clothes we are showing have grace and distinction. They're not cut in heaps and made up in dozen lots, but designed singly and tailored separately. Each suit is fashioned of fabric the finest, combined with style the freshest, and workmanship the carefullest. Totally different from what you've been accustomed to—newer, better, smarter and suq-
